Christmas Seal Campaign Now Under Way In County

The 58th Annual Christmas Seal Campaign — contributions to which finance the fight against tuberculosis and other respiratory diseases — opened officially throughout the county last week.

Dr. Kenneth G. Hanson, Lemon Grove area chairman, said the National Tuberculosis Association was founded in 1904, when there was no treatment for the disease except bed rest and proper food.

"Christmas Seals came into being in this country in 1907," Hanson said, "under the aegis of the American Red Cross after Miss Emily Bissell, an active Red Cross worker in Delaware, reasoned that if a Christmas Seal, created in 1904 by a Danish postal employee, could raise money to fight tuberculosis in that Scandinavian country the same thing could be done in the U. S."

In 1920 by friendly agreement, the Red Cross ceased to be the fund raising agency, and its conventional symbol was dropped in favor of the NTA's double-barred cross — the "Cross of Lorrain," — under the banner of which some of the crusades of the Middle Ages were conducted.

The National Tuberculosis Association — with its state and local associations — today is the oldest of the national, voluntary health organizations. It's fund raising is limited to a mail solicitation and is universally accepted as part of the national Christmas tradition, he said.

"In the 60 years since founding of the NTA, it is estimated more than 9,000,000 lives have been saved from tuberculosis," Hanson said.

"Nevertheless T B remains the number one infectious killer, accounting for more deaths than any other infectious and parasitic disease.

The TB associations are engaged in a four-point program local needs and state and national projects to help San Diegans. in the fight against tuberculosis and other respiratory diseases: case finding; health education; rehabilitation, and medical research," Hanson said.

The San Diego County Association is seeking $150,000 for local needs and state and national projects to help San Diegans.

Howell rides in the Rose Parade at Pasadena annually. Sunday he was a rider in the Mother Goose parade in El Cajon.

U.S. Missionaries Expelled For Criticism, Says L.G. Men's Club Speaker

"Your freedoms are being taken to make you a part of a socialistic nation," the Rev. Lewis Ginn told the Lemon Grove Men's Club Friday.

Rev. Ginn, pastor of the Bancroft Baptist Church, was elected to the La Mesa-Spring Valley school district following a recall election earlier this year.

The recall followed a dispute on school prayers. Rev. Ginn supported prayer concept.

"Each time your freedom is encroached on, it is an encroachment on everyone's freedom and in the act of accepting each restriction, we become more completely a socialized nation," he explained. Communism is a natural result of socialism, he believes.

Rev. Ginn said that tremendous pressures are put on missionaries to keep them in line with the communist philosophy. When one of them is critical or non-subservient, he is declared persona non grata and is shipped home.

"If my remarks were critical of any country in which there are American missionaries, and the remarks were printed in any newspaper, very likely our missionaries in that country would be expelled," he said.

"A giant clipping service covering practically every newspaper in this country is operated by the United Nations organization. Critical clips bring almost instant reprisals against Americans," he explained.

"We must bring ourselves to recognize the fact the communists are different in this battle for the minds of men. As we slaughter cattle to serve our food needs, the communists condemn to death any who do not serve the ends of victory for the communist cause. These people are Godless." he concluded.

The Rev. Ginn was presented by the Rev. Frank Gigliotti. President John Dail and Vice President John Bridger were absent.

The Men's Club meets every Friday at noon at Michael's. Meetings are no-host luncheons at which all males are welcome.

THANKSGIVING — Four kindergarten students ready for a Thanksgiving celebration in an Avondale School kindergarten class are Ray Cox, Sandra Kraus, John Hawley and Jeanne Schmidt. Their teacher is Mrs. Betty Hough.

Indians, Pilgrims, Turkeys Featured In Thanksgiving Classroom Activities

Indians, Pilgrims and turkeys are spotlightsd in Thanksgiving activities in classrooms of the La Mesa-Spring Valley School District, but the underlying theme being stressed by all teachers is the love for country, the appreciation of the privileges of American citizenship, and gratitude for all our blessings, according to Dr. David D. Pascoe, assistant superintendent - instruction.

Pasco said that principals had been queried about Thanksgiving activities planned in schools. He said that Donald Barnes, principal of Avondale School, reported his teachers were planning discussions, reports, reading of poems and stories, dramatizations. and bulletin board displays. In one class a topic for an essay was "My First Thanksgiving."

Some Avondale classes were attending a special assembly. Another class was scheduled to visit the San Diego Mission and students were expecting to compare the first church on the Pacific Coast with what they had learned about the first church of the Pilgrims.

A Thanksgiving assembly was scheduled for Nov. 25 at Spring Valley Junior High School, Pascoe said.

All schools are co-operating with the area Canned Food Drive being conducted by local welfare organizations.

TURKEY TIME — Robert "Bud" James, potentate, Al Bahr Shrine Temple, and Henry Goldy, president of the Mt. Helix Shrine, savor turkey similar to those which will be served Thursday to 100 underprivileged children. For the twelfth year the Mt. Helix Shrine will host the Thanksgiving dinner. County and city agencies select children who participate in the event on the basis of need. The dinner will be served at the Bronze Room in La Mesa.

SV GIRL HOME AFTER LIP IS SEWED BACK ON

Cheri Carrigan, four-year-old daughter of Mr. and Mrs. Robert Carrigan, 8937 Frederick st., Spring Valley, is home again, after being in El Cajon Valley Hospital for lip surgery.

A large portion of her lower lip was bitten off by a dog on Nov. 8 and found in the dog's stomach. An El Cajon doctor and a San Diego plastic surgeon took the lip from the animal and sewed it back on Cheri's mouth.

Mrs. Carrigan said this week it will be three or four weeks more before the success of the operation is fully known.

Forty-Six More Families Join In 'Angels' Drive

Subscribers aiding Angels Unaware in this newspaper's quest for more readers totaled 977 as 46 more families joined the project this week.

The campaign being conducted in Lemon Grove and Spring Valley is to raise funds for playground equipment for Angels Unaware, the East County Chapter of the San Diego Association for Retarded Children. The facility is located at 1283 E. Lexington ave., El Cajon.

Children, with retardation that makes them unacceptable at schools, are cared for at Angels Unaware center on a day-to-day basis. The center has been undergoing remodeling during the past several months and contributions made through this newspaper will be earmarked for playground equipment.

The weekly number of participants has been oscilating between 40 and 50 families and the program has been underway for about 20 weeks. Families in this area are being called by telephone by solicitors to ask for subscriptions and to have part of the subscription proceeds to be set aside for the Angels Unaware project.

The campaign is being waged by this newspaper to build its readership up locally so that residents may know more about local government and what's going on in the community. To create interest in it, the campaign is tied in with Angels Unaware and their playground equipment project. The Angels Unaware Day Center is being remodeled at present. Part of the funds gathered by this publication in the circulation campaign will be given to Angels Unaware for that purpose.

Amounts ranging from 10 cents to $3.50 are turned over to Angels Unaware for each subscription obtained. A simple renewal (through our salespeople) provides the smaller amount. $3.50 is contributed when a first-time subscriber pays for the newspaper for two years through one of Angels Unaware members. Varying amounts in between are handed over for other combinations.

Each week this publication prints the names of the families who have agreed to participate.

This week's list of subscribers includes:

The DIMMER VIEW

by MAX GOODWIN

Where Accidents Are Born

Professional drivers, the guys who drive those big trucks across the nation's highways for a living are having some words to say about what's causing some of the accidents involving passenger cars.

These guys have a safety record that's unequalled by the average passenger-car driver and they say it's neither speed nor slow driving that's noticed most as driving errors.

Failure to signal properly, is the most pronounced dereliction.

In second place is failure to dim lights. And just behind that is close following, or "tailgating."

The report is being given this month in Kiplinger's Changing Times. The report results from a study made among today's typical truck drivers — men whose jobs depend on their safety records

Today' average passenger-car driver has an accident every 40,000 miles. The average struck driver goes at least three times, and on some truck lines, four times farther per accident, the study shows.

Nop that these drivers have been asked about the driving blunders they observe, the tabulation holds some surprises.

Errors previously thought to be among the most commonly committed (ignoring stop signs, crossing the center line, ignoring traffic signals) were at the bottom of the list.

The slow driver was in eighth place as a menace.

Ignoring solid "do not pass" lines on hills and curves tied with sixth place with drifting between lanes on expressways.

Excessive speed took fifth place. Failure to pass a slow-moving car ahead just barely nosed out excessive speed for fourth place.

Planning To Be Happier, Not Better

The separation of the County Planning Commissioner from his job, when it comes will not leave many broken hearst among property owners who have had dealings with the County planning Department.

Market Manager Arrests Local Man

Edwin Morgan, manager of Mayfair Market, 7663 Broadway, Lemon Grove, placed a 41-year-old Lemon Grove man under citizens arrest Saturday for shoplifting.

Morgan claimed the man paid for $2.12 worth of merchandise and then placed other items under his shirt. He said the stolen items included a potato peeler, two cans of tuna, two limes, cheese and two packages of sliced ham.

HUBCAPS STOLEN

Anthony F. Alfaro of 7537 North ave., Lemon Grove, reported the theft of four hubcaps from his car Saturday evening.

Alfaro told sheriff's deputies that the hubcaps were stolen while his car was parked in front of the Moose Lodge, 1700 Englewood st., Lemon Grove. He set his loss at $25.

The DIMMER VIEW

(Continued)

But among those who knew Dr. Willis Miller as a professional administrator and director, the separation will be hurtful. We have never heard anyone question his ability nor his integrity, and these things are vital in the administration of such a sensitive area as what can be done with one's property.

Dr. Miller has a keen sense of what is right in community planning though some local property owners have inferred that he wouldn't know how to get water out of a boot — after they have had contact with him or his department. And there, we think, is the crux of the problem. It seems to us as a sideline observer, that Dr. Miller and his department have enough disdain for making the public happy that they could have shared it with all other county departments and had more than enough left over.

As a good example of public relations, the State Board of Equalization invaded our shop last month. Many of us curse sales taxes, which are often referred to as Gov. Brown's Bite, and more vitriolic terms.

They sent their inspector, Lynn C. Chamberlain, to examine our books. He upset the office routine and caused our people extra work. He also decided we had to pay more than $200 extra in sales taxes this quarter. But when S. B. of E. Chamberlain left, we missed him. He did a repulsive job but he did it with intelligent good humor and a touch of sympathy. We may dislike the faceless S. B. of E. but we think of their representatives as fine human beings.

We do not know exactly when Dr. Miller and the supervisors fell into disagreement but we have seen the problem growing for many months. Part of it sprang from the request for a "holding" zone which was to have been a loose type of zoning for outlying property. It was scheduled to be a type of zoning that would give the barest type of control. Dr. Miller had something more stringent in mind, and said so. He also disagreed with the supervisors that it was necessary to sell property owners on the need for the program before it was to have been invoked.

The latest development in the interorganizational flap came Friday when Dr. Miller said he would not fight the supervisors. He will not submit to being fired either. He said that he will co-operate by retiring by mid-January at the age of 57.

Planning in San Diego County may be happier in the future but we think it will not be any better for Dr. Miller's retirement.

D., He is attending pediatrician at White Memorial Hospital; professor and chairman, Department of Pediatrics, Loma Linda University School of Medicine; chief physician in charge of Pediatrics and Communicable Diseases at Los Angeles County General Hospital. A member of the Clinical Society of the Diabetes Association, Dr. Chinnock has been the director of Camp DASC for diabetic children since its beginning in 1958.

BARGAINS

The San Diego Better Business Bureau warns of a mailing from a Los Angeles concern offering $38 transistor radios and $40 watches for $10 each. Cecil Candler, local BBB manager, suggests that the claimed values be checked carefully against prices charged for comparable merchandise at regular local outlets. The pricipals of the concern responsible for the current mailing were permanently enjoined from using false advertising in a recent mail order promotion. If in doubt about an unknown firm make a point of getting a fact report from the Better Business Bureau before you do business, the bureau suggests.

Although some of us live in areas where the soil is open and sandy, many of us live in hard adobe-like areas where growing some shrubs and trees, even grass, is a struggle.

When planting in such an area it is well to work in about 2 pounds of agricultural sulfur for every 100 sq. ft. Be sure to dig large holes for all shrubs you plant. After you have the hole dug, fill it up with water and add a soil penetrant to hasten the absorption of the water and to help break up the soil.

It is well to soak the roots of the shrub in a vitamin-hormone solution to help the new roots to start. Then after planting keep using a fertilizer with chelates and a soil penetrant to keep the soil soft enough for the new roots to grow.

If an existing shrub starts to lose its leaves at the very top, it often indicates that the roots have hit the hard pan that they cannot penetrate. A soil penetrant will usually help this situation.

A yearly application of ferrous sulphate is a big help in keeping the soil loose and the use of a fertilizer with the chelated minerals and a soil penetrant will keep your plants healthy even in these problem soils.

State Highway Commission Considers Adoption Of S.V. Freeway Route 'C'

The California Highway Commission last week took under consideration the adoption of a freeway routing for 4.1 miles of route 125 in San Diego County, between Blossom lane in the South Spring Valley area and the Interstate 8 Freeway in La Mesa.

State Highway Engineer J. C. Womack has recommended a routing which runs north from Blossom lane along the west side of Sweetwater road. Near Broadway, it turns northeast to join existing route 94 and follows it to the interchange at Campo road. North of Campo road, it uses the Sign Route 67 Freeway to the junction with the interstate 8 Freeway.

It was identified as alternate "C" at the public hearing conducted by the Division of Highways in Spring Valley on August 18.

In making his recommendation, Womack told the commission that alternate "C" would require 90 fewer improvements than the other alternate studied; more closely conforms to the boundary lines of communities and local schools and fire districts; is lower in cost; and would make maximum use of the existing Sign Route 67 Freeway.

The commission requested Womack to ask the San Diego County Board of Supervisors and the La Mesa City Council if they wish the commission itself to hold a public hearing on the matter.

Plans of the Division of Highways call for the construction of an eight-lane freeway at an estimated cost of $25,600,000, including rights of way.

Construction, not expected for a number of years, will depend upon the availability of future highway funds.

The California Highway Commission last week also approved replacing a two-lane bridge on Sweetwater road (FAS County Road 1269) with a four-lane triple box culvert a quarter mile north of Jamacha road, near Lemon Grove. Estimated cost, $24,000.

Christmas Program Planned For Patients At Edgemoor Hospital

A happy and hearty Christmas will be the keynote this year at Edgemoor Geriatric Hospital. The hospital auxiliary plan to provide hospital patients with entertainment throughout the holiday season.

Each room is adorned with fireproof decorations furnished by the auxiliary. Mrs. Frank Gannon of El Cajon, entertainment chairman, is scheduling parties and choruses.

To fill the many requests from patients, the auxiliary needs donations from friends. Items needed are: shampoo, deodorant, cigarettes, cigars, nylon hose, hair brushes, sun glasses, suspenders, shirts, spray net, head scarves, lipsticks, hand mirrors, ballpoint pens, cotton sox, T-shirts, pipes, slips and wind nets. A canteen card for a patient will be provided by a donation of $2.00. These cards are used by patients in lieu of money to obtain canteen items such as icecream, coffe, soft drinks, tobacco and sundries.

Wrapping committees will begin assembling gifts the first week in December. A complete list of acceptable items for hospital use may be had by phoning Mrs. Carl Tisue at the hospital. Christmas chairman is Mrs. Burney Bray of Spring Valley and the assistant is Mrs. John Foster of Lakeside. Letters to the auxiliary will be promptly answered.

The Thrift Shop at 872 No. 2nd st. in El Cajon is open Monday through Friday from ten to three. Christmas toys are on sale as well as the usual items.

Auto License Tab Position To Be Changed

Auto license tabs for 1965 will be issued starting Dec. 1, the Department of Motor Vehicles announced this week.

The new stickers will be orange and black and must be placed on the right hand side of the rear plate, over the 1963 indentation, a DMV spokesman said.

If the 1964 sticker was properly placed, the vehicle will show both 1964 and 1965 registration. It is the Department's intention to alternate in this manner year after year, so that in odd numbered years the sticker will be to the right and in even numbered years the sticker will be to the left.

Look before you stick, is the DMV's warning.

Owners of the following will be able to pay for and get their 1965 stickers before the rush begins in January:

1. Any Calif. used vehicle on which a change in registration is due such as transfers, duplicate plates, engine changes etc
2. Any Calif. new vehicle bought in December if the opner desires to pay 1965 fees at the same time December 1964 fees are paid.
3. Out of state cars and trailers with plates that expire Dec. 21, 1964.

Renewal cards for those vehicles which do not fall into any of the above categories will be placed in the mail late in December. These can be handled when received.

Department of Motor Vehicle Offices are located at 4265 Palm ave., La Mesa, 11 Third ave., Chula Vista, 3960 Normal st., San Diego, 911 South Escondido ave., Escondido, and 314 Wisconsin st., Oceanside."

LETTERS TO THE EDITOR

Dear Editor:

I appreciate the nice article that you had in your paper in regard to "Support Your Local Police."

About this being the slogan of the John Birch Society, I am not trying to take credit for this slogan; however, I have advocated the support of your local police ever since I have been in the Legislature these last ten years.

I am not a member of the John Birch Society but wish to say to you as I have said to the patriotic societies many times before that I feel that the John Birch Society is a very fine patriotic society supporting the cause of constitutional government and that a thorough investigation was made by the Un-American Activities Committee in California which gives this organization a clean and splendid bill of health. Our problems today are not with patriotic societies but with those groups and organizations which are to the left rather than to the right.

Again may I thank you. Enclosed are a few decals which I am beginning to circulate.

Sincerely,
Senator Jack Schrade
40th Senatorial District

How much safety do you want for your money?

Financial safety comes in all shapes and sizes. There are safe investments and risky investments—and ones that are in between. Depending upon how much risk you want to take, your money can be invested in a variety of ways.

Your savings, however, are another thing. This is money you do not want to *risk*—no matter how safe the investment appears. This is money you want to be able to count on at all times and under all conditions. And when you want your money that safe and that available—*you want it in the bank.*

Mrs. Helen Buettemeier

Poem By Lemon Grove Woman Printed In Kennedy Commemorative Anthology

Helen Buttemeier of Lemon Grove is a great champion of the late President John F. Kennedy. Her poem "He Visioned Worlds Within Worlds" has been permanently recorded in Kennedy's Commemorative Anthology.

Only 375 books were published in this limited edition. The poets received copies, and, of course, the Kennedy family. The publisher, The Swordsman Publishing Company of 2961 West Eight st., Los Angeles, has agreed to print a second edition only if enough people request it.

The poems were screened and selected by a panel of judges from poets throughout the United States.

Mary Giacinto, president of the La Mesa Writer's Club invited all poetry lovers to hear a review of the anthology by Mrs. R. Buettemeier on Dec. 8 at 1 p.m. at Porter Hall, University and La Mesa blvd., in La Mesa.

Mrs. Buttemeier was born in Wilkes-Barre, Pa., May 25, 1889. Always of frail strength, she held to deeper and more spiritual thoughts than most children. Her love of nature and poetry was encouraged by her father. She was graduated from Lucy Wheelock's training school in Boston. She did social settlement work among the foreign born in a mining community — a tough assignment. She succeded in winning the boys respect where ministers had failed. She loved her work, but her physical condition would not allow her to continue.

Many times she was forced to let opportunity go by because of her limited strength. Notwithstanding, life has always held sparkling interest for her.

This year she won first prize in the Writer's Club of La Mesa's contest and third award for her first short short. In the past years Mrs. Buttemeier had her work published many times and has won several awards for her poetry.

Grandfather's Notebook, which she writes monthly, appears in the California Senior Citizen

Helen Buettemeier said that the most rewarding of all her activities, even more so than her teaching career, her attendance at San Diego State College, her membership in several writer's organizations, her attendance at the Pen Woman's Poetry Workshop, her Creative Writing Class under Edith Boutwell or the San Diego Poetry Association is her 'workshop of living' which she has attended daily for the past 33 years with her husband, Reinhard.

Old Lump Of Charcoal Casts Light On History Of Man In California

SACRAMENTO — A lump of cooking charcoal recently discovered in the buried remains of an ancient Indian village in eastern Mendocino County has proven to be nearly 1,000 years older than any previously recorded history of man in northern California, State Archeologist Francis A. Riddell reported this week.

Riddell said radiocarbon tests just completed by Geochron Laboratories, Inc., of Cambridge, Mass., have established the charcoals age at 5,320 years. The earliest previously recorded traces of man in northern California were from an Indian village site near Alamo, in Contra Costa County, and were 4,400 years old.

The historic charcoal find was made by James Dotta of Redding, president of the Northern California Archeology Society, working under contract with the State Division of Beaches and Parks. It was unearthed on the Porter Chaffee ranch on Cold Creek, at the junction of State Highway 20 and Potter Valley Road, between Ukiah and Upper Lake.

Dotta has been working at four Cold Creek area sites that will soon be destroyed by highway construction. The Division of Highways is paying for an archeological search of the sites and the removal of their significant artifacts.

To date the charcoal discovery site on Cold Creek has yielded 620 artifacts. They include dart points of flintlike chert, and a number of manos and fragments of stone metates used in grinding flour from grass seeds.

The Spring Valley Kiwanis Club's float, "Freedom American Heritage," took first place in the Senior Organizations Division at the El Cajon Mother Goose Parade last Sunday.

The float showed the Preamble of the American Constitution in front of five men hoisting the American flag atop Mt. Saribachi.

HIGGINS, POLUZZI GET SUMMER SCHOOL POSTS IN L.G. AGAIN

Betty Higgins and Louis Poluzzi have been tentatively chosen by the Lemon Grove School District trustees to take charge of the summer school program in 1965. The two were in charge in 1964 with Poluzzi in charge of junior high activities.

The board heard a request from Luke Corbett for permission for the L.G. Little League to build two additional fields adjacent to one existing near Monterey Heights. The league explained that the fields at Mt. Miguel were not satisfactory, geographically.

A new round of studies will be entered on school district organization, the board decided. The board favored a two district organization if change is mandatory.

The board also learned that some parts of the Unruh Act have proven unworkable. A "flaw in law" had prevented some districts from getting $10 for each student in the class where the class load is kept below 33. In Lemon Grove the load is 32.

Past Matrons and Patrons Association, Order of the Eastern Star of San Diego County will meet Saturday, Nov. 28 at 6:30 p.m. at the East San Diego Masonic Temple, 3879-43rd street for a monthly pot luck dinner.

New Program Knocks Long Waiting Line Out of Registration

Gone forever, perhaps, at Grossmont College is the long-line registration day. Beginning Dec. 7, the college will shift to continuous registration, spreading the spring semester event over several weeks virtually at the student's convenience. If successful, the plan will be applied to fall semester registration, also.

Beginning students planning to enter Grossmont for the spring semester may start registering Dec. 1. Application deadline for the spring semester is Jan. 29. Programming interviews will be scheduled for the period of Jan. 11 to 29.

Prior to these interviews, new students must submit transcripts of school work, file an official application, take a placement examination and obtain verification of polio immunization.

Continuing students at Grossmont will have programming interviews between Dec. 7 and Jan. 8. Students who attended Grossmont previously but are not in attendance this fall should contact the guidance office after Dec. 1 if they plan to take spring courses.

In all cases registration will take place immediately following the programming interview. Second semester instruction will begin Feb. 8.

Eight young servicemen, too far from home to enjoy Thanksgiving dinner with their own families, will dine on turkey and the trimmings as guests of Monte Vista Lodge Thanksgiving Day.

Representing eight different states and all branches of the service, the men were assigned to the lodge by the Downtown U. S. O. by invitation of the lodge.

The retirement lodge is located at 2211 Massachusetts ave., Lemon Grove.

Home Show To Begin Six-Day Run Friday

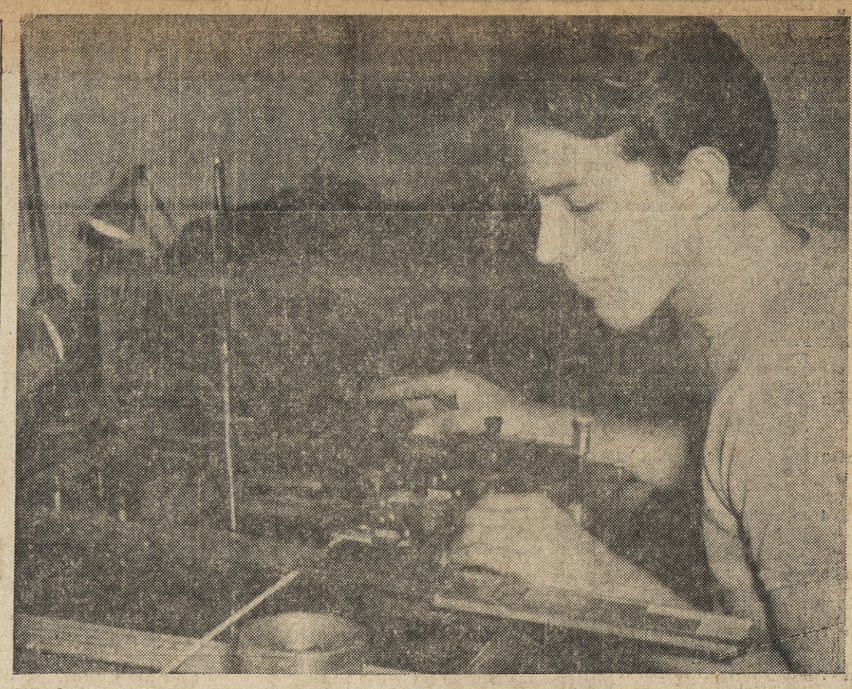

The 31st admission-free Electric and Home Appliance Show, sponsored by the Bureau of Home Appliances, will this year again be held in the Electric Building, Balboa Park, J. Clark Chamberlain, show manager, has announced. He said the show will open at 6 p.m. Friday, Nov. 27, the day after Thanksgiving, for a six-day stay through Wednesday, Dec. 2.

Chamberlain said that over the years the Electric Show has became an annual event to which San Diego County residents look forward. For it is here under one roof that they can see and compare all of the most up-to-date models of all kinds of home appliances. entertainment facilities, and hobby equipment, which they may be contemplating as Christmas gifts or as welcome additions to the home.

On Friday at 7 p.m., the show will be officially opened when Santa Claus will join San Diego's Mayor Frank Curran in the switch-pulling ceremony which lights beautiful Christmas Tree Lane in the Park. The San Diego High School student choir will present a program of Christmas carols on the steps of the Natural History Museum. Santa Claus will then go to the nearby Electric Building where at "Santa's House" he will, through the duration of the show, say "hello" to the small fry.

In addition to the numerous appliance exhibits including modern color television visitors to the show can enjoy feature attractions. These will include a "Dream Kitchen", the opportunity to send messages to distantly-located friends and relatves at the "Radio Hams" booth; a preview of San Diego County's 1965 Rose Parade Float entry; model train and electrical toy exhibit for youngsters and oldsters alike, and many others.

A big stipulation to show attendance will be the chance for each visitor to win a "New Year's Day Trip for Two", which will include two review stand Parade tickets, tickets for the "distinguished guests" luncheon, and two ideally-located tickets to the Rose Bowl Game. There will be a lucky winner of this grand award each day of the show. In addition there will be many door prizes distributed each day at the drawings which will be held at 4:30 and 9:30 p.m.

MEASURING UP — Larry Hadley, 19-year-old son of one of the partners of Pi Tape, a Lemon Grove firm, engraves numerals on a metal tape that will be used in industry for measuring the diameter of objects. The graduations and numerals are engraved and acid etched on the surface of the tapes. When not in use they are stored in the round metal containers shown in the foreground. Prices for the precision tapes range from $23 to $74.

Lemon Grove Company Inches Its Way Into World Business, Space Projects

A Lemon Grove company has a measure of interest in industries all over the world and in this country's Saturn Missile.

The firm is Pi Tape at 7951 North ave. and its measure of interest is a tape that measures diameters of round objects.

Leo Cochran, one of the partners of the firm, said, "The Saturn Missile, which is 33 feet in diameter, is being measured by our tapes."

Cochran described the Pi Tape as a unique, precise, economical device for measuring diameters of objects.

The Pi Tape, which looks like a metal measuring tape but with a single jog in it, eliminates taking four to eight careful micrometer or caliper readings and then finding the average of these by adding and dividing. With the Pi Tape the diameter can be read by simply putting the tape around the object to be measured.

Cochran said, "Our customer list reads like a Who's Who of Industry."

The second partner in the 4½ year old company is Grant Hadley. He formerly owned Jet Tool, a Lemon Grove firm that manufactures woodworking equipment

The tapes come in standard lengths for measuring diameters of from .800 of an inch to 144 inches and prices for these tapes range from $23 to $74.

The company, which has five employees, also makes tapes for special orders. The longest tape they have made is 165 feet.

The product is sent all over the world. Orders come into Lemon Grove from Canada, Japan, Italy, Israel, India and other countries.

The partners are now working on a new product, an induction type antenna for tube or transistor radios. They said it will be of special value in remote or mountainous areas or in metal vehicles or buildings.

Cochran said it is a simple device and will have appeal for people with campers and trailers. It will not need to be attached to the radio. They said the antenna will be available in about a month.

Girl Scout Troop 1638 Maps Out Plans For The Next Seven Months

Plans for the next seven months for Cadette Girl Scout Troop 1638 of Sweetwater Lodge have been announced by Mrs. Mickie Sides, a troop leader.

The troop will camp at Girl Scout headquarters in San Diego on Dec. 11, 12 and 13. This way they will be able to spend an entire Saturday at San Diego Zoo and learn to read a compass and make maps.

On Feb. 12, 13 and 14 the troop will go to Camp Tapawingo near Cuyamaca Lake. The girls hope it will be snowing at that time.

March 7 to 13 will be Girl Scout week and plans call for the girls to do service projects each day of that week.

April 14 and plans are for a tour of the new Coca Cola plant in San Diego and KOGO TV station.

Then on May 1 the troop will have an old-fashoned family picnic.

The month of June calls for a camping trip to the Coronado youth camp, and to get first-hand information on beach camping.

Also, sometime during 1965 there may be a trip to the desert.

The girls were at Camp Davidson near Julian on Nov. 13, 14 and 15 for the first Cadette Roundup in this area. They all had a lot of fun in their own cabin which they shared with Sue Joy Ritterbush, a Senior Girl Scout from Lakeside.

Due to several snow flurries, the girls had to cancel their swimming, but made up for it in other snow fun. They received a trophy for being the only Girl Scout troop from the Casa de Oro area of Spring Valley. Girls who attended the Camp Davidson outing were; Janice Cork, Lynn Edgar, Cindy Gunn, Nancy Goertz, Karen Kirner, Sheila Sides, and Mischelle Sullivan.

The girls finance their own trips by selling candy. The sale will be on again Dec. 1 to 11. More girls of junior high age are needed in the troop. For full information contact Mrs. Sides at Space 94, Sweetwater Lodge, 10707 Jamacha blvd., Spring Valley.
